

Technical data sheet

# PetroPAN PP-3B

Description	PetroPAN PP-3B is used as a basic- and precleaner in the high-pressure vacuum process, is highly dilutable and dissolves oily substances.
Applications	PP-3B is carried in the vehicle and added diluted with water to the cleaning jet.
Specification	PP-3B is liquid, colourless to amber-coloured, free of solvents, odourless, moderately alkaline and weakly foaming, dissolves oily substances in a metastable emulsion, which separates again after some time.
Processing	PP-3B is diluted with water and carried in the vehicle and mixed with the cleaning jet. Application concentration: dilute 0,5 to 2 % with water.
Disposal	The mixture produced by the cleaning process is to be treated in accordance with the legal provisions.
Hazard- and Precautionary- Statements	H319 Causes serious eye irritation.  P280: Wear protective gloves / eye protection / face protection. P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.
