## PetroPAN PP-7

Description	PetroPAN PP-7 is an alkaline cleaning and decontamination liquid with depth effect.
Applications	PP-7 is ideal as a safety and fixing agent for accidents involving penetrated hydrocarbons and fats. PP-7 penetrates the contaminated substrate and brings the contaminants back to the surface.
Specification	PP-7 is liquid, amber or opalescent, alkaline and contains Solvents, surfactants and hydrotropic substances.
Processing	PP-7 is diluted pure or diluted with water, depending on the degree of contamination, onto the contamination. After 2 to 10 min exposure time and mechanical contact the cleaning liquor can be sucked off with the aid of a vacuum cleaner. Application concentration: dilute 1 to 1 to 1 to 10 with water.
Disposal	The mixture produced by the cleaning process is to be treated in accordance with the legal provisions.
Hazard- and Precautionary- Statements	<p>H315 Causes skin irritation                      H318 Causes serious eye damage</p> <p>P102 Keep out of reach of children.                      P280 Wear protective gloves / eye protection / face protection.                      P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.                      P337+P313 If eye irritation persists get medical advice/attention.</p>
